

We have received Ex "Warrimoo"

What we believe will be the last shipment of European Goods to come in under the old tariff, and while we have been importing all kinds of staple and fancy dry goods direct right along, the shipment just to hand, will place us in a very enviable position. Out of the very many kinds of goods included in this shipment, we desire to talk of only one kind to-day, the kind of goods that we excel in, and the kind that every lady in the land is interested in. We mean:

"Black and Colored Crepons"

Dame fashion has decided, that crepons will be more largely worn this season than ever. We had a presentiment of the kind, and made our purchases accordingly. The result is,

The largest and most representative line of Popular and Exclusive Designs ever Imported,

Only one piece of a kind tho' don't forget that, it is important. We found out long ago, that in a small community like ours, it is a mistake to import more than one piece of a kind. Ladies do not like to feel that there are dozens of the same kind of dresses to be seen on Fort Street every day in the week. We wish to impress upon you however, that although our stock is large to-day, the ever increasing demand for popular and good wearing materials will soon diminish it, "and that these goods cannot be replaced at the prices we are offering them at to-day."

Sale of Land in MANOA VALLEY.

HONOLULU, OAHU.

Opportunity is given to purchase in Manoa Valley a beautifully situated property containing all the necessary essentials for a homestead, and where healthful climate and picturesque scenery are in the midst of historic surroundings, and all in contact with improved grounds, planted with various foreign fruits, as well as supplied with fruit trees indigenous to Hawaii. The acreage of 45.64 acres in fee simple and 31.16 acres under long and favorable leases.

Included in the improvements on the fee simple portion is a roomy, modern dwelling house furnished with sanitary and other conveniences; there is also situated thereon a roomy carriage shed and stables.

The celebrated Waikeaeua (Water of the Gods) Falls is in near proximity, and the cool, clear, sparkling water therefrom flows through the grounds, supplying ample opportunity for increased irrigation to the acreage already planted and which is capable of considerable improvement.

TELEGRAPHY EXPERT HERE

MARCONI'S RIGHT BOWER IN HONOLULU.

Engaged Today Locating Station for Islands to South—Communication With All in a Month.

T. Bowden, one of Marconi's right hand men, who was despatched to Honolulu to install the wireless telegraphy system, arrived by the Nippon Maru this morning. He was immediately met by Mr. Cross who received his credentials for the local company. Mr. Bowden is a comparatively young man, but is one of the most competent and noted of Marconi's staff.

Acting on the suggestion of Mr. Cross the expert decided to select the stations before putting the appliances. About 10 o'clock he and Mr. Cross left for Diamond Head to select a site for the station having communication with Molokai and the islands to the south. This will be finished up today and tomorrow the location on the west end to communicate with Kauai will be selected. It is then proposed to select the stations on the other islands, beginning at Molokai and going straight through to Hawaii.

Mr. Bowden is very enthusiastic on the subject of wireless telegraphy. Since leaving London he has studied closely maps of the islands and agrees with Marconi that this country affords the best field in the world for the perfect application of the system. He says that every island of the group will be brought into communication without the least particle of trouble.

The expert expects to get everything in shape by the last of the month, when Molokai, Maui and Hawaii, at least, will be reached. Every town on those islands will be connected with the system and any of the plantations will be able to reach their agents here in a very few minutes.

The date of the sale of the first message for charity has not yet been set. Plenty of time will be allowed so that all may have a chance at it. The message will be limited to one hundred words and must go to Molokai or Maui.

DISPOSITION OF CAMPS

TURNED OVER TO THE BOARD OF HEALTH.

Kalihi Camp to be Reserved for any Emergency—Drill Shed and Other Camp Structures—Cabinet Meeting.

The various relief camps have been turned over by the Government to the Board of Health. Heretofore these places belonged to the Interior Department and were used by the health authorities. It is proposed to keep the one at Kalihi for future emergencies.

The transfer was made by the Cabinet this morning. Dr. Wood was present at the meeting, and recommended that disposition of the camps. In voting on Kalihi camp the question of the buildings at the drill shed and the military house at Kalihi came up. It was decided to give to the Board of Health discretion to do as it saw fit with these buildings. It was also decided to turn over the property at the camps to the Board to be disposed of as it might see fit.

A telegram and letter from Judge Hartwell, referred to elsewhere, were introduced and read.

It was decided that the picture of Prince Likiep in the Judiciary building should be renovated, reframed and placed in the Executive building, in conformity with a request of A. S. Cleghorn on March 15.

FOUR COURT DECISIONS

SUPREME COURT GOT A MOVE ON TODAY.

Matters Heard at the Last Regular Term Adjudicated—Cases of More or Less Interest.

Four decisions were handed down by the Supreme court this morning. This was after a lapse of several weeks without any business at all. The return of Judges Perry and Stanley made the decisions possible, as they sat on most of the cases now pending.

The first decision was in the matter of the Union Feed Company vs. E. B. Thomas, assumpsit, appeal from the District court on law points. In this case the judgment is reversed and the return of the Union Feed Company to reopen it for the introduction of evidence of the incorporation of the plaintiff concern, and for final determination.

J. A. Butterfield vs. Charles Bon. Substitution, was decided for and against both parties. In other words, the court declined to enter judgment for either party, and dismissed the submission of the case. The case is a dispute over certain property on Punahou street.

W. V. Ahoy vs. M. F. Scott, suit for attorneys' fees in a matter that failed to come to court, was determined in favor of the plaintiff, the Supreme court reversing the decision of the circuit judge of Hawaii, and granting the fees paid for.

In W. L. Stanley vs. Akoi and J. H. Barenaba, the exceptions of the defendants to the verdict of the Circuit court were overruled. This is a suit on account of a breach of the conditions of a guardian's bond.

A. G. Cunha filed his final account as executor of the will of the late Antonio G. Cunha, charging \$129 and crediting \$124.23 1/2.

THE WEATHER.

Weather Bureau, Punahou, 1 p. m.

ANTI-AMERICAN FEELING.

LONDON, April 21.—The Daily Mail publishes a letter from Yokohama describing the "growth of anti-American feeling" in Japan. The writer says: "This development is due to the harsh treatment the Japanese have received in Hawaii, and to the belief that the United States will stop Japanese immigration to lead to deplorable war of tariffs, and to retaliatory restrictions."

BANKRUPTCY THREATENED

KAMALO SUGAR COMPANY'S ROUBLES.

Stockholders Reject An Offer Of Ten Thousand Dollars To Compromise Their Suit For Thirty-five Thousand.

The plaintiffs and defendants in the Kamalo Sugar Company case met yesterday to discuss the settlement of the case out of court. Frank Hustace was present, with the attorneys for both sides and several of the stockholders who brought the suit. Hustace offered to compromise the case by paying \$10,000 in cash and \$10,000 worth of paid up stock in the company. The suit was for \$35,000. Egan and Foster, the other defendants, were not present, and it is stated that they have not signified willingness to accept the proposed compromise.

The compromise proposition was submitted to a meeting of the stockholders last night. Chairman Henshall stated that the compromise had been offered because there was danger that creditors would force the plantation to bankruptcy, in which case both sides would lose altogether. Settlement of the dispute and the paying up of assessments was said to be the only thing that could save the corporation.

Those present were unanimous in rejecting the offer made by Hustace. The sum of \$20,000 in cash was talked of as a possible basis of compromise, but did not meet with the favor of all. The meeting ended with the appointment of a committee to confer with the defendants and report to a meeting to be held next Saturday night, with the proposition that can be secured. Foster is out of town, but is expected to arrive by Friday.

This morning there was more discussion between the committee and Hustace. No progress was made, and a compromise is reported to be farther away. The stockholders' committee consists of H. R. Hitchcock, W. L. Evans, L. H. Dee, Mr. Meyer and C. J. Fisher.
